Projects for Incoming Students at the Institute of Luftfahrt/Aviation
Bachelor Degree Programme in Aviation (LAV)
at FH JOANNEUM University of Applied Sciences, Graz, Austria

Based on Teaching Staff Meeting on 30th March 2021
International coordinator: Dietmar Tatzl, dietmar.tatzl@fh-joanneum.at

The projects in the tables below are offered only for students visiting from abroad for a semester on the ERASMUS+ programme or through international exchange agreements. The concrete project topics will be defined as soon as students have arrived at Graz and expressed their interest in a certain area. Depending on these interests, students will be put into contact with the heads of the respective working groups or scientific areas. The requirements for a successful completion of the projects are specified by the individual supervisors, but they often include a final written report and a presentation. The 6-credit Incoming Informatics Projects can be replaced by 1 or 2 German as a Foreign Language /Culture Courses, which are offered by the International Office of FH JOANNEUM (see their website).
